Model 5560 Hi-Cut Ballistic Helmet- Level NIJ IIIA

The SA-Model-5560 Hi - Cut ballistic helmet is the latest special operations variant combat helmet from SEG Armor. It is constructed from Poly EX™ (unique high performance polyethylene fiber, UHMWPE) material and provides lightweight, robust protection from ballistic and fragmentation projectiles and other low energy threats. In addition it includes factory fitted Picatinny side rails, providing a solid platform onto which accessory attachments, such as cameras and flashlights can be quickly and easily mounted, and an integrated universal night vision goggle mount.

A four point multi adjustment harness with suede cross straps and a neck pad is anchored to the shell with ballistic resistant bolts, the harness can be easily removed for cleaning or replacement. The SA-Model-5560 helmet uses a pad liner system for enhanced stability and comfort.
